STATE AUDITOR

DIANE C. STEWARD
FISCAL ADMINISTRATOR
UNORGANIZED TERRITORY DIVISION

November, 2010

Greetings to the Taxpayers of the Unorganized Territory:

I began as your new Fiscal Administrator in January of this year and am most pleased to be serving you. I was born in our beautiful state and was raised in the Unorganized Territory! I hold degrees in both Liberal Studies and Public Administration. Before assuming this position, I spent more than 16 years as staff with the Maine Legislature and, prior to that, held various positions in the private sector. I am a graduate of Leadership Maine, served on the Executive Board of the Maine Rural Development Council and on the Executive Board of the National Council of State Legislatures' Leadership Staff Section, a non-partisan entity with members from many states.

The Unorganized Territory Annual Report contains information pertaining to both the activities and financial standing of the State's Unorganized Territory (UT) and is one of the many duties and responsibilities statutorily required of the Fiscal Administrator. I hope you find the contents of interest.

Please keep in mind that when you pay your excise taxes, it is critical that you use either the agent that has been designated for your township or a State of Maine Motor Vehicle branch office. It is equally important to make sure that you use the correct legal residence code on your registration. This code is specifically assigned to your area and ensures that the excise taxes you pay are sent to your county's Unorganized Territory Fund - which will help to reduce your tax assessment.

The 2008 Annual Report notified you that the Rockwood Elementary School in Somerset County would close in June 2009. While there was discussion about re-opening it, the former Commissioner of Education made the decision that it will remain closed. Approval to sell the school will be sought from the 125th Legislature when it convenes in January 2011. The Benedicta School in Penobscot County also remains closed and is for sale. Any monies realized from the sale of the schools will go to the Unorganized Territory Education and Services Fund, again helping to reduce your tax assessment.

I look forward to serving all residents in the Unorganized Territory and will always do my best to be responsive to your questions, comments or concerns. I can be reached by phone at (207) 624-6250 or by email at diane.steward@maine.gov.

I wish you and yours good health and much happiness!

Sincerely,

A handwritten signature in blue ink, reading "Diane C. Steward".

GENERAL INFORMATION

UNORGANIZED TERRITORY TAX DISTRICT

GENERAL INFORMATION

The unorganized territory is presently comprised of the following:

- 9,290,212 acres of land, of which:
 - 7,531,333 acres are in tree growth (for which the unorganized territory does not receive reimbursement from the State of Maine), and,
 - 1,128,156 acres are exempt from property tax.
- There are 420 townships. One hundred twenty nine of these townships have a full-time resident population of 7,842 people. In addition, the 2000 census estimated that there are 9,260 seasonal structures within the unorganized territory, housing approximately 24,075 non-residents. 2010 census information will be provided in the 2010 Annual Report.
- There are 75 offshore islands with only one of these islands having a full-time population of four people.
- There are approximately 415 miles of summer roads and 541 miles of winter roads to maintain.
- There is unorganized territory located within thirteen of the sixteen counties in the State of Maine. However, municipal type services are required in only nine of these counties.
- In FY09 the municipal type services were contracted at the county level at a cost to the unorganized territory taxpayers of \$5.6 million. Education, tax-assessing, planning and zoning, general assistance, forest fire protection, and fiscal administrative services were provided at the state level at an annual cost to the unorganized territory taxpayers of approximately \$12.6 million. In addition, the unorganized territory taxpayers paid approximately \$5.1 million in county taxes.

The unorganized territory does not receive school subsidy nor tree growth reimbursement from the State of Maine.

STATE SERVICES

The Legislature allocates and appropriates General Fund monies to the State agencies that provide services to the unorganized territory. The General Fund appropriations are then offset by transfers made to the Undedicated General Fund for actual expenditures made on behalf of the unorganized territory. The Fiscal Administrator of the Unorganized Territory, in compliance with Title 36, MRSA, § 1605, SUB§2-A, transfers on October 31 of each year, an amount equal to 90% of the preceding fiscal year's expenditure. Then, in June of each year, the Fiscal Administrator verifies the total expenditures made by State agencies on behalf of the unorganized territory and transfers any remaining costs above the October 31st transfer to the Undedicated General Fund. The General Fund does not, thus, finance any services provided to the unorganized territory.

Within the State government structure, services to the unorganized territory are provided by:

Department of Administrative and Financial Services, Revenue Services, Property Tax Division – Responsible for the assessment and collection of property taxes for the 420 townships and numerous coastal islands within the unorganized territory. The Bureau also maintains control of vehicle and boat excise taxes for the unorganized territory.

Department of Audit, Unorganized Territory Division – The Fiscal Administrator of the Unorganized Territory provides information and assistance to the Legislature, the unorganized territory taxpayers, and State and county offices which request funds for providing services in the unorganized territory. The Administrator's primary responsibilities include the review, analysis, and investigation of the budgets and expenditures of all county and State agencies requesting funds from the unorganized territory. This is to ensure a complete and accurate annual analysis. The annual analysis is submitted to the joint standing committee of the Legislature having jurisdiction over taxation and to each legislator and office of the county commissioners having unorganized territory within their districts.

In addition, the Fiscal Administrator drafts and submits the annual Municipal Cost Components legislation in order for taxes to be levied – which, in turn pay for the services provided to the residents of the UT's; attends and participates in public hearings on county budgets and legislative hearings relative to the unorganized territory (primarily provides information to the legislative committees); publishes and distributes an annual financial report to interested taxpayers, legislators and county commissioners; and is Chair of the Commission on Municipal Deorganization.

State Services (cont'd)

Department of Conservation, Maine Forest Service, Forest Protection Division – Provides first response forest fire protection to the unorganized territory including fire prevention, fire detection, fire suppression, fire planning, and the maintenance of forest fire equipment.

Department of Conservation, Land Use Regulation Commission (LURC) – Serves as the planning and zoning board for the unorganized territory and other areas of Maine lacking local governments empowered to exercise land use authority.

Department of Education, Division of State Schools – Serves as the administrative unit responsible for education and related services for the 1104 students residing in the unorganized territory during the 2008-2009 school year. Of these 1104 students, 944 were tuitioned to local school units and 160 students attended the State schools located in the unorganized territory.

Department of Health and Human Services, Bureau of Family Independence, General Assistance Program – Designates and oversees agents who provide general assistance to the unorganized territory citizens.

COUNTY SERVICES

County services such as: road and bridge maintenance and repair, snow removal, structural fire protection, solid waste disposal, polling places, and animal control may, in accordance with Title 30A, MRSA, Chapter 305, be either provided or contracted by the county commissioners in the following counties.

**Aroostook
Franklin
Hancock
Kennebec
Oxford
Penobscot
Piscataquis
Somerset
Washington**

In the fall of the year, each of the above named counties produces an unorganized territory budget.

NOTE: This budget is separate from the county budget. The law requires that a public hearing on this budget be held at the same time as the county budget hearing. These budgets are submitted to the Fiscal Administrator of the Unorganized Territory for review, analysis, and investigation. They are then included in the legislation and analysis submitted by the Fiscal Administrator to the Legislature for its consideration.

MUNICIPAL COST COMPONENTS LEGISLATION

The Fiscal Administrator of the Unorganized Territory drafts and submits the Municipal Cost Components legislation no later than March 1 of each year. This legislation consists of the budgeted State services minus anticipated revenues such as revenue sharing and the use of the undesignated fund balance. It also consists of the unorganized territory budgeted tax assessment for each of the counties that provide municipal type services.

A public hearing on this legislation is held before the Joint Standing Committee on Taxation. The legislation is then voted on by both houses of the Legislature (a 2/3 vote is required because it is emergency legislation) and signed into law by the Governor.

TAXES

Once the Municipal Cost Components legislation is enacted, the Property Tax Division within the Department of Administrative and Financial Services, Revenue Services, issues the tax bills. The bills are mailed no later than August 1 of each year. The tax is due by October 1.

The mill rate in the unorganized territory consists of three components. They are:

1. County services budget (specific to the county in which the taxpayer owns property) divided by the county valuation = Mill Rate
2. State services budget (minus budgeted revenue) divided by the entire unorganized territory valuation = Mill Rate (NOTE: This mill rate is consistent for every taxpayer in the unorganized territory)
 - A. The above two mill rates are added and rounded up to the nearest $\frac{1}{4}$ mill = Mill Rate.
3. County Tax (specific to the county in which the taxpayer owns property) divided by the county valuation = Mill Rate.

Numbers 2A and 3 mill rates are added to get the county tax rate for the individual counties in the unorganized territory.

Chapter 642 of the Public Laws of 2009 (in
part) - An Act to Provide Predictable
Benefits to Maine Communities that Host
Wind Energy Developments

IMPACT

Creates a process requiring assessors to notify landowners of the deadline for sub-mission of certain information associated with land classified under the Maine Tree Growth Tax. The law also provides relief from withdrawal and penalty to landowners in the unorganized territory that had land withdrawn between September 20, 2007 and July 1, 2010, if the landowner demonstrates compliance with all tree growth classification requirements before April 1, 2011.

Annual tax levying legislation for services provided by the State and the nine counties providing services in the Unorganized Territory. It also removes the date that limited tax increment financing payments in the unorganized territories to those approved prior to July 1, 2008.

Establishes a community benefits package requirement for expedited wind energy developments as follows: Part 1 requires an applicant for an expedited wind energy development to establish a community benefits package in an amount of no less than \$4,000 per year per wind turbine. The package is an aggregate collection of tangible benefits resulting from an expedited wind energy development from: payments to the host community or communities; payments that reduce energy costs in the host community or communities; and donations for land or natural resource conservation. Part 3 provides certain exceptions from the community benefits package requirement. Specifically, the requirement is waived for any development that has an installed capacity of less than 20 megawatts or is owned by a nonprofit, public or quasi-public entity, and the requirement does not apply to those turbines included in the development that are located in a host community in which the legislative body has voted to waive or reduce the requirement or located on Passamaquoddy Indian territory or Penobscot Indian territory at the option of the respective tribe or nation. Part 4 specifies that community benefit agreement payments to counties acting as host communities may be used for projects and programs of public benefit located anywhere within that county.

LAW

Chapter 492 of the Public Laws of 2009 -
An Act to Assist in Reviewing Wind Energy
Applications

Chapter 615 of the Public Laws of 2009 -
An Act to Implement the Recommendations
of the Governor's Ocean Energy Task Force

Chapter 576 of the Public Laws of 2009 -
An Act to Amend the Laws Governing the
Somerset County Budget Procedure

IMPACT

Amends the laws governing the siting of wind energy developments. It makes certain provisions of these laws governing the Maine Land Use Regulation Commission consistent with the corresponding provisions applicable to the Department of Environmental Protection. These provisions allow the commission to require a pre-application notice of filing; allow the commission to require an applicant to attend a public meeting during the review of a wind energy development; allow the commission to extend the processing time with the consent of the applicant; and clarify that, in certain circumstances, associated facilities are not subject to the same time limits. The law clarifies that the provisions of law regarding a development's effects on scenic character apply to all wind energy developments, as defined in the Maine Revised Statutes, Title 35-A, of 100 kilowatts or greater in the expedited areas of the commission's jurisdiction, including wind energy developments that do not qualify as grid-scale. It specifies that in the jurisdiction of the commission, all wind energy developments are subject to fee provisions as extraordinary projects, allowing the commission to recover costs associated with processing of the applications, including the cost of noise or other studies.

Part D amends the definition of "unorganized and deorganized areas" in the laws governing land use regulation to include, for the limited purpose of permitting community-based offshore wind energy projects and structures associated with resource analysis activities necessary for such intended projects, the siting of such projects and resource analysis structures.

This law allows Somerset County to operate on an interim budget that does not exceed the previous year's budget if the budget is not approved before the start of the fiscal year.

ANIMAL WELFARE IN THE UNORGANIZED TERRITORY

CONTACT: Norma Worley, Program Manager
Maine Department of Agriculture
Food and Rural Resources
Animal Welfare Program
AMHI Complex, Deering Building
90 Blossom Lane
28 State House Station
Augusta, ME 04333-0028
Phone - (207) 287-3846
Email – norma.j.worley@maine.gov

The purpose of the Animal Welfare Program is to insure humane and proper treatment of animals by developing, implementing and administering a comprehensive program that upholds the animal welfare laws of Maine through communication, education and enforcement. The program staff currently includes five full time state humane agents, one intermittent humane agent, a full time veterinarian and a program director that are responsible for investigating animal cruelty, abuse or neglect complaints, the training of animal control officers and the inspections and licensing of boarding kennels, breeding kennels, animal shelters, pet shops, and research facilities. In addition, a program clerk who can be reached to file an animal welfare complaint at 287-3846 or toll free at 1-877-269-9200 staffs the program.

The e-mail address for the program is animal.welfare@maine.gov. Complaints received on the Internet must contain the complainants name, address and phone number, as well as a description of the complaint, the location and name of the individual (if known) involved in the filing of the complaint.

Dog Licensing: *Licensing determines ownership and compliance with mandatory rabies immunizations. Licensing protects the stray dog and provides them with food and shelter for six days before they are allowed to be adopted and eight days before they can be euthanized, if that is recommended. After the required holding period of six days, ownership of the stray dog is vested in the animal shelter.*

To license a dog you must have a current Maine rabies certificate. If the dog has been spayed or neutered, you must show proof from a veterinarian to receive the lower cost license.

<i>Licensing fees-</i>	\$6.00 for spayed/neutered dogs
	\$11.00 for unaltered dogs
	\$25.00 late fee

There is an additional fee of \$1.00 to license your dog on-line.

Each owner or keeper of a dog or wolf hybrid at the age of six months or more, on or before January 1st of each year, shall obtain a license from the dog recorder in the unorganized territory where the dog or wolf hybrid is kept or, in the absence of a duly authorized dog recorder, from a dog recorder in the nearest municipality or unorganized territory in the same county where the dog or wolf hybrid is kept.

Dog recorders in the unorganized territory are appointed by the Commissioner of Agriculture. They issue dog licenses, receive the license fees and pay them to the Department of Agriculture.

Kennel fees - A kennel license is available for anyone that has a “pack or collection of dogs or wolf hybrids kept in a single location under one ownership for breeding, hunting, show, training, field trials or exhibition purposes” – five dogs per kennel license is \$42.00. The sale or exchange of one litter of puppies within a 12-month period alone does not constitute the operation of a kennel. A late fee of \$25.00, in addition to the annual fee, must be paid by a person who fails to obtain a municipal kennel license by January 31st of each year.

Further information regarding fees may be found in the *Maine Statutes, Title 7, Part 9, Chapter 721*.

The following pages contain a list of places in the unorganized territory to license your dog.

The Division of State Schools – EUT (Education in the Unorganized Territory) is responsible for the provision of educational services on behalf of resident students in Maine's unorganized territory. There are 420 townships within the 9.3 million acres of unorganized territory, with a population of almost 8,000 residents.

The total number of students for the 2009-2010 school year was 1045. 915 students were tuitioned to the nearest public school system, or received educational services through a variety of alternative programs. The enrollment in the four elementary schools for which the Division is responsible was 130 students in the 2009-2010 school year. These schools are:

Transportation services for EUT pupils are provided through the operation of a fleet of school buses. In those areas where a school bus is not feasible there are contracted conveyors that provide daily transportation either to and from school or to the nearest bus stop.

EUT **funding** is obtained through a direct tax levy on real property located within the unorganized territory. Thus, the Unorganized Territory Education and Services Fund is the source of all operating and capital monies; receives no “state subsidies” of any kind; but does participate in a number of federal programs.

EUT is operated by the Commissioner of Education under the statutory authority granted in Title 20-A, Chapter 119. EUT staff consists of a Director, a part-time Special Services Coordinator, a Business Manager, a Secretary Associate, and an Account Clerk. All positions except the Special Services Coordinator are located at the central office in Augusta. The Director of State Schools – EUT is responsible for the day-to-day operation and administration of the Division, as well as the delivery of a comprehensive range of elementary, secondary and special education services.

The staff necessary for the operation of the unorganized territory elementary schools include two principals, two principal/teachers, fifteen teachers, two special education teachers, six teacher-aides, two part-time guidance counselors, one part-time and two full time secretaries, three bus drivers/janitors, two bus drivers, four part-time cooks and eight independent bus drivers.

Agents appointed by the Commissioner of Education who Serve the Unorganized Territory:

Vacant	Greenfield, Argyle (<i>Penobscot County</i>); Williamsburg, Orneville (<i>Piscataquis County</i>) Contact the EUT Office at 207-624-6892 if you have any questions.

Note: In December, 2010 a report resulting from the efforts of a special working group on EUT will be released. Recommendations issued by the group, and approved by the Commissioner of Education, are set to be implemented in June 2011 with the elimination of "agent" positions. Beginning with the 2011-2012 school year, current EUT administration will assume all duties now being performed by the agents. While the quality of education for EUT students remains the top priority, these changes will be in keeping with cost containment considerations.

FISCAL ADMINISTRATOR OF THE UNORGANIZED TERRITORY

The Fiscal Administrator of the Unorganized Territory provides information and assistance to the Legislature, the unorganized territory taxpayers, and state and county offices that request funds for providing services in the unorganized territory.

The primary responsibilities of the Fiscal Administrator include the review, analysis, and investigation of budgets and expenditures of all county and state agencies requesting funds from the unorganized territory. This is to ensure the completeness and accuracy of the annual analysis submitted to the joint standing committee of the Legislature having jurisdiction over taxation, and to each legislator and office of the county commissioners having unorganized territory in their district.

In addition, the Fiscal Administrator drafts and submits the annual Municipal Cost Components legislation in order for taxes to be levied; attends and participates in public hearings on county budgets and legislative hearings relative to the unorganized territory; ensures that an annual audit of the unorganized territory fund at the state level is performed; and publishes and distributes an annual financial report to interested taxpayers, legislators, and county commissioners.

The Fiscal Administrator also serves as Chair of the Commission on Municipal Deorganization. The Commission was established to assist, review, recommend, and comment on deorganization procedures as established in Title 30-A, M.R.S.A., Chapter 302. The commission membership consists of the Commissioner of Education or designee, the Fiscal Administrator of the Unorganized Territory or designee, the State Tax Assessor or designee, the Director of the Maine Land Use Regulation Commission or designee, and the county commissioner whose district includes the municipality which is considering deorganization.

The primary objective of this Division is to provide forest fire and forest resource protection at the least cost with minimum damage to Maine's 17.7 million acres of forest land. This objective is accomplished through five major tasks: (1) prevention – 25-30% of time and funds are expended in this effort; (2) detection utilizing Civil Air Patrol, Division and other State agency aircraft; (3) pre-suppression training of municipal, forest industry and Division employees as well as maintenance and development of specialized equipment; (4) suppression (containing and controlling fires that do occur); and (5) law enforcement.

The primary goal of the Division is to keep the annual acreage burned to a minimum. Pre-suppression or preparedness is another key to a successful forest fire control program. Continued efforts are maintained in building and equipment maintenance and fire planning. Another major goal is to enforce all laws dealing with forest and forest preservation. Forest fire prevention plays a very important role in meeting the Division's objectives.

In 2009, 51 forest fires affecting 29.55 acres occurred in the unorganized territory from the following causes:

Campfires – 7 (6.5 acres)
Debris Burning – 6 (2.35 acres)
Arson – 9 (3.6 acres)
Lightning – 2 (.2 acres)
Machine Use - 21 (14.9 acres)
Smoking – None
Miscellaneous – 6 (2 acres)

The Maine Land Use Regulation Commission (LURC) was established in 1971 to serve as the planning and zoning board for the State's unorganized townships that have no form of local government; for plantations, which have limited local government; and for some towns that choose not to administer such controls at the local level despite having the option to do so. The Commission is responsible for promoting public health, safety and general welfare by encouraging the appropriate well-planned use of the resources within its jurisdiction and by guiding land use activities.

The Commission's responsibilities include preparing a comprehensive land use plan for its jurisdiction; to prepare land use standards for each zoning district; to review applications for development; to educate; and to enforce compliance with those standards.

Locations of Land Use Regulation Commission offices:

<u>Main LURC Office</u> 287-2631 22 State House Station 4 th Floor Harlow Building East Side Campus 18 Elkins Lane Augusta 04333-0022	<u>Downeast Regional Office</u> 941-4052 106 Hogan Road, Suite 7 Bangor 04401 <i>Serving Hancock, Kennebec, Sagadahoc, and Washington Counties, and coastal islands in LURC jurisdiction.</i>

The Maine Land Use Regulation Commission is governed by a seven-member independent decision-making body, with members appointed by the Governor, subject to review by the Joint Standing Committee on Agriculture, Conservation and Forestry, and approval by the Legislature. All appointees must reside in the commission's jurisdiction; work in the commission's jurisdiction; be a former resident or be retired after working in the commission's jurisdiction for a minimum of 5 years; or have expertise in commerce and industry, fisheries and wildlife, forestry or conservation issues as they affect the commission's jurisdiction. Commissioners serve four-year staggered terms. The Commission has a staff of 26.5, including an Executive Director. The Commission makes decisions on permit applications, enforcement actions, zoning in or near its jurisdiction. The commission also conducts public hearings and informational meetings as is needed. The current Commissioners are: Gwen Hilton - Chair, Steve Schaefer - Vice Chair, Sarah "Sally" Farrand, Rebecca Kurtz, Edward B. Laverty, and James A. Nadeau.

During the past year, work continued in reviewing, redrafting and finalizing the comprehensive land use plan for the unorganized areas and with reviewing the proposed Moosehead Lake concept plan from Plum Creek. The Commission approved a 132 MW wind energy development in the western area of the Commission's jurisdiction, a 25.5 MW wind energy development in the downeast area of the Commission's jurisdiction, and adopted rules to allow for windpower development in designated expedited areas. 751 permit applications were processed. There were 83 permit applications pending at the end of the fiscal year. Staff reached resolution on numerous enforcement cases within the fiscal year. 809 notifications were processed for forest management activities. Commission staff made numerous site inspections, including public assistance visits and compliance inspections. In addition, Commission staff hosted four educational outreach sessions to speak to visitors about permitting and compliance matters as well as to answer questions about land use regulations. The commission's staff is available in 5 regional field offices to assist customers firsthand for permitting, education, compliance, and enforcement needs.

TAXATION IN THE UNORGANIZED TERRITORY PROPERTY TAX DIVISION

The Property Tax Division of Revenue Services is responsible for the assessment and collection of all property taxes within the Unorganized Territory Tax District.

The Service also maintains control of vehicle and boat excise taxes for the unorganized territory. It appoints agents/municipalities as excise tax collectors for specific townships although unorganized territory taxpayers may pay their excise taxes at a Motor Vehicle branch office*.

Paying your vehicle/boat excise taxes to an authorized collector in your area is very important. Since your mailing address may differ from your residence, you should make the collector aware of your local residency so that the excise tax is attributed to your township. It is your responsibility to check the Legal Residence Code on your vehicle registration with the Legal residence code of your township. (Please see pages 46-49.)

The county in which the unorganized territory is located ultimately receives the excise tax revenue. County officials, at budget time, allocate this revenue to decrease the tax commitment in the unorganized territory, thereby reducing your property taxes. If excise tax funds are mistakenly entered, they may not be given to the county and, therefore, not attributed to the unorganized territory. Excise taxes collected and transferred to the UT counties for Fiscal Year 2009 totaled \$1,034,575.

AUDIT REPORT

**STATE OF MAINE UNORGANIZED TERRITORY
EDUCATION AND SERVICE FUND**

**Annual Financial Report
For the Year Ended June 30, 2009**

Certified Public Accountants and Business Consultants

Independent Auditor's Report

State Auditor
State of Maine Department of Audit
Unorganized Territory Education and Services Fund:

We have audited the accompanying financial statements of the general and fiduciary funds of the State of Maine Unorganized Territory Education and Services Fund (UT), a fund of the State of Maine, as of and for the year ended June 30, 2009, as listed in the table of contents. These financial statements are the responsibility of the State of Maine Unorganized Territory Education and Services Fund's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

As described in the notes to financial statements, the financial statements present only the accounts of the State of Maine Unorganized Territory Education and Services Fund, a fund of the State of Maine, and do not purport to, and do not present fairly, the financial position of the State of Maine, and the changes in financial position in conformity with accounting principles generally accepted in the United States of America. The State of Maine Unorganized Territory Education and Services Fund is a fund of the State of Maine. These fund financial statements do not include the entity-wide Statement of Net Assets, Statement of Activities, or Management Discussion and Analysis as required by accounting principles generally accepted in the United States of America. Certain disclosures relevant to both the State of Maine and the State of Maine Unorganized Territory Education and Services Fund are omitted herein and have been disclosed in the State's basic financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the general and fiduciary funds of the State of Maine Unorganized Territory Education and Services Fund as of June 30, 2009, and the respective changes in financial position and the budgetary comparison for the General Fund, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

State Auditor
State of Maine Department of Audit
Unorganized Territory Education and Services Fund

In accordance with *Government Auditing Standards*, we have also issued our report dated February 24, 2010 on our consideration of the State of Maine Unorganized Territory Education and Services Fund's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the State of Maine Unorganized Territory Education and Services Fund's fund financial statements. The additional information included in Exhibits A-1 through A-2 is presented for purposes of additional analysis and is not a required part of the fund financial statements. Such information has been subjected to the auditing procedures applied in the audit of the fund financial statements and, in our opinion, is fairly presented in all material respects in relation to the fund financial statements taken as a whole.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the State of Maine Unorganized Territory Education and Services Fund conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The following is a summary of the more significant of such policies:

Reporting Entity

These financial statements include only the financial position and changes in financial position of the State of Maine Unorganized Territory Education and Services Fund (UT). This fund is a fund of the State of Maine and has been included in the State of Maine's government-wide financial statements. The UT does not have separate legal standing or corporate powers that would distinguish it as being separate from the State of Maine.

The activity of the UT is accounted for as part of a special revenue fund within the State of Maine's accounting system. This activity has been extracted from these accounting records, appropriately adjusted, and reported independently in these financial statements.

The State of Maine Unorganized Territory Education and Services Fund, as described above, accounts for the expenditure of funds to support certain services to the unorganized territory, namely education, general assistance, forest fire control, and land use regulation. The UT also expends funds in the form of payments to the various counties in the State which contain unorganized territories, for both county taxes and for reimbursement of services rendered by the individual counties to the unorganized territory within that county's boundaries.

Revenue is raised to support these costs on an annual basis in the form of property taxes assessed by the State of Maine on individual property owners within the unorganized territory.

Measurement Focus, Basis of Accounting and Financial Statement Presentation

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, certain compensated absences and claims and judgments, are recorded only when the payment is due.

Revenues susceptible to accrual are property taxes. Other receipts and taxes become measurable and available when cash is received by the UT and are recognized as revenue at that time.

Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

The UT reports the following major governmental fund:

The General Fund is the UT's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Additionally, the UT reports the following fund type:

An agency fund is a fiduciary fund type. This fund accounts for all excise taxes that the UT collects on behalf of counties in Maine.

Assets, Liabilities and Equity

Due to/from the State of Maine – Transactions between the UT and the State of Maine are representative of cash positions at the end of the fiscal year and are referred to as due from State of Maine Treasury.

Capital Assets – Capital assets are defined by the UT as assets with an initial, individual cost of \$3,000 or more and an estimated useful life in excess of two years. All land, regardless of value, is capitalized. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The cost of normal repairs and maintenance that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets of the primary government are depreciated using the straight-line method over the assets estimated useful lives ranging from two to sixty years.

Capital assets, which include land, buildings, equipment and infrastructure (roads, bridges, ramps, etc.) are held at either the State or County level in trust for the Unorganized Territory as a whole. Capital assets that are at the County level are reported at the individual County levels. Capital assets at the State level are reported in the State of Maine's government-wide financial statements. The Unorganized Territory Education and Services Fund does report all items previously mentioned except for infrastructure.

Vacation Leave – Under terms of personnel policies, vacation time is granted in varying amounts according to length of service and is accrued ratably over the year. Regular part-time employees receive vacation time on a pro-rated basis. Accumulated vacation time has been recorded in the State of Maine's government-wide financial statements. No expenditure is reported in the fund statements for this time unless it is actually due and payable.

Fund Equity – In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designated fund balances represent tentative plans for future use of financial resources.

Use of Estimates – Preparation of the UT's financial statements require management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent items at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Comparative Data/Reclassifications – Comparative data for the prior year has been presented only for certain funds in the fund financial statements in order to provide an understanding of the changes in the financial position and operations of these funds. Also, certain amounts presented in the prior year data have been reclassified in order to be consistent with the current year's presentation.

STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

Each year the Fiscal Administrator of the UT requests budget information from the state agencies and counties who provide services to the taxpayers of the Unorganized Territory. Bi-annually the Joint Standing Committee on Appropriations and Financial Affairs recommends to the Legislature a statewide budget which includes the statewide components of the State of Maine Unorganized Territory. The Fiscal Administrator drafts a legislative document (L.D.) for the purpose of setting and authorizing the collection of taxes in the UT to the Legislature for consideration. This L.D. is known as the "Municipal Cost Component". Once the L.D. is printed and assigned, the Fiscal Administrator prepares and submits an analytical report of the legislation to the members of the Joint Standing Committee on Taxation, each legislator who has Unorganized Territory within their district, and the office of the county commissioners of each county with the Unorganized Territory.

Once the Legislature approves the Municipal Cost Component, the State Tax Assessor levies a tax on all nonexempt real and personal property in the Unorganized Territory. The taxpayer's bill is based on three components -- the cost of state services spread across the unorganized territory, the cost of county provided services specific to each county, and the cost of county taxes specific to each county. The Legislature can also approve de-appropriations to the various departments during the year.

Any unexpended balance may not simply lapse to fund balance at the end of the fiscal year but must be carried forward to the same fund for the next fiscal year and must be available for the purposes authorized. Any unexpended fund balance remaining in the fund at the end of the year, not including amounts set aside in capital reserves, that is in excess of 10% of the amount of expenditures for that year must be used to reduce the amount to be collected in taxes during the year.

Encumbrance accounting is employed in the general fund. Encumbrances (e.g., purchase orders, contracts) outstanding at year end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year. At June 30, 2009 fund balance reservations for outstanding encumbrances amounted to \$560,180.

PROPERTY TAX

Property taxes for the current year were committed in July 2008 based on the assessed value of all real and personal property located in each county. Tax bills are mailed annually by August 1, with one installment due on October 1. Interest was charged at 8% on all taxes unpaid after this date. Assessed values are periodically established by the UT's Assessor at 100% of estimated market value. At April 1, 2008, the date on which the current year's assessed value was based, the assessed value represented 100% of estimated market value.

The UT is permitted by the laws of the State of Maine to levy taxes greater than the actual amount required, by rounding up the respective UT county mil rate to the next highest ¼ mil. This additional millage is referred to as overlay, and amounted to \$363,021 for the year ended June 30, 2009. The variance between actual property tax revenues in the governmental funds and budgeted property tax revenues represents supplemental taxes and the change in deferred taxes.

Tax liens are recorded against real property between February 21 and March 15 of the year following the date of assessment if any part of the tax, interest and associated costs assessed remain unpaid. The UT property tax liens foreclose on March 30 of the year following the recording of any such liens if any of the tax, interest and associated costs remained unpaid.

Property taxes levied during the year were recorded as receivables at the time the levy was made. The receivables collected during the year and in the first sixty days following the end of the fiscal year have been recorded as revenues in the governmental funds. The remaining receivables have been recorded as deferred revenues in the general fund.

The following summarizes the 2009 levy:

PENSIONS

Plan Description

All employees of the Maine Unorganized Territory Education and Services Fund are members of the Maine Public Employees Retirement System. The System provides pension, death and disability benefits to its members.

The total funds managed by the System are constitutionally restricted and held in trust for the payment of pension and related benefits to its members. The System's Board of Trustees, in its fiduciary capacity, establishes the System's investment policies and their overall implementation. The System maintains separate reserves and accounts for each participating entity and performs separate actuarial valuations for each participating entity's respective plan.

Contributions from members and employers and earnings from investments fund retirement benefits. Employer contributions and investment earnings fund disability and death benefits. Member and employer contributions are a percentage of applicable member compensation. Member contribution rates are defined by law and depend on the terms of the plan under which a member is covered. Employer contribution rates are determined by biennial actuarial valuations.

Upon termination of membership, members' accumulated employee contributions are refundable with interest, credited in accordance with statute. Withdrawal of accumulated contributions results in forfeiture of all benefits and membership rights. The annual rate of interest credited to terminated members' accounts is set by the System's Board of Trustees and is currently 6%.

The System's retirement programs provide retirement benefits based on members' average final compensation and creditable service. Vesting occurs upon the earning of five years of service credit or the earning of one year of service credit immediately preceding retirement at or after normal retirement age. Normal retirement age is 60 or 62, determined by whether the member had at least 10 years of creditable service on June 30, 1993 (effective October 1, 1999, the prior ten-year requirement was reduced to five years by legislative action). The monthly benefit is reduced by a statutorily prescribed factor for each year of age that a member is below his/her normal retirement age at retirement. The System also provides disability and survivor benefits, which are established by statute for State employee and teacher members and by contract with other participating employers under applicable statutory provisions.

**STATE OF MAINE UNORGANIZED TERRITORY
EDUCATION AND SERVICES FUND
Notes to Financial Statements, Continued**

PENSIONS, CONTINUED

In the event that a PLD withdraws from the System, its individual employee-members can terminate membership or remain contributing members. The PLD remains liable for contributions sufficient to fund benefits for its already retired former employee-members; for its terminated vested members; and for those active employees, whether or not vested, who remain contributing System members.

The State is legally responsible for contributions to the Teacher Group that covers retirees of other governmental entities. The State is the sole "employer" contributor for the teachers; therefore, is acting as the employer.

Funding Policy

The Maine Constitution, Maine Statutes and the System's funding policy provide for periodic employer contributions at actuarially determined rates that, based upon certain assumptions, are expressed as percentages of annual covered payroll and are sufficient to accumulate adequate assets to pay benefits when due.

Level percentage of payroll employer contribution rates are determined using the entry age normal actuarial funding method. The System also uses the level percentage of payroll method to amortize the unfunded liability of the State and teacher plan over a closed period that cannot be longer than 31 years from July 1, 1997 but may be, and at certain times has been, shorter than that period.

The State of Maine is required to remit 20% of its General Fund unappropriated surplus at the end of its fiscal year to the System, in order to reduce any unfunded pension liability for state employees and teachers.

Significant actuarial assumptions used to compute the contribution requirements are the same as those used to compute the standardized measure of the pension obligation.

The actuarially determined contribution rates in effect for 2008 for participating entities are as follows:

<u>State:</u>	
Employees	7.65-8.65%
Employer	15.01-47.07%
<u>Teachers:</u>	
Employees	7.65%
Employer	17.23%

Annual Pension Cost and Net Pension Obligation - The UT's employer's annual pension cost and net pension obligation to the System for the current year is not calculated separately but is calculated as part of the State of Maine's overall plan and information on the pension cost and obligation can be found in the State of Maine Single Audit report.

LANDFILL CLOSURE AND POSTCLOSURE CARE COSTS

The UT is aware of the existence of several landfills which have all been closed as of June 30, 2009. The liability for postclosure monitoring costs falls on the individual County's Unorganized Territory funds. The State of Maine Unorganized Territory Education and Services Fund would be affected by virtue of an increase in the municipal cost component needs in a year in which postclosure costs were incurred. The amount and timing of these potential postclosure costs are unknown.

OTHER EMPLOYEE BENEFITS

A. Post-retirement Health Care Benefits

The employees of the State of Maine Unorganized Territory Education and Services Fund are covered under the State of Maine's employer benefits program. In addition to providing pension benefits, the State of Maine funds health care benefits for most retirees. Specifically excluded are members of the Maine Municipal Association, Maine Teachers Association and employees of counties and municipalities and their instrumentalities. The State pays 100% of post retirement health insurance premiums for state employee retirees who were first employed on or before July 1, 1991. A pro rata portion, ranging from 0% for retirees with less than 5 years participation to 100% for retirees with 10 or more years of participation, is paid for eligible individuals first employed after July 1, 1991. Coverage depends upon terms and conditions contained in collective bargaining agreements with the State Health Commission. Retirees who are not eligible for Medicare retain coverage in the same group health plan as active employees. Retirees must pay for Medicare part B coverage to be eligible to participate in the State-funded Companion Plan. Coverage for retirees ineligible for Medicare includes basic hospitalization; supplemental major medical and prescription drugs; and costs for treatment of mental health, alcoholism and substance abuse.

Effective January 1, 2006, the State contribution to retired teacher health premiums was increased to 45 percent of the retiree-only premium. The rate is based on a single rate for single and employee plus children coverage, or 50 percent of the two party rate for two party and family coverage.

For State employees and Teachers, other options exist. Part-time employees are eligible for prorated benefits with retirees who worked 50 percent or more of full-time hours receiving 100 percent of the benefit. Surviving spouses and dependents may continue in the plan and pay 100 percent of the premium. Retirees ineligible for a State contribution are allowed to participate and pay the retiree premium.

STATE EMPLOYEES PLAN

Title 5 MRSA §286-B authorizes an Irrevocable Trust Fund for Other Post-employment Benefits to meet the State's unfunded liability obligations for retiree health benefits for eligible participants who are the beneficiaries of the irrevocable trust fund. Annually, beginning with the fiscal year starting July 1, 2009, the Legislature shall appropriate funds to meet the State's obligations under any group health plan, policy or contract purchased by the State Employee Health Commission. Unfunded liabilities may not be created except those resulting from experience losses. Unfunded liability resulting from experience losses must be retired over a period not to exceed 10 years. The unfunded liability for retiree health benefits for eligible participants must be retired over 30 years or less from July 1, 2009.

TEACHERS PLAN

A special funding situation exists for the Teachers plan. The State is statutorily responsible for contributions to the Teachers Plan that covers the retirees of other governmental entities. The State is also the sole contributing entity for Teachers, therefore, making the contribution on behalf of the employing jurisdictions at a 45 percent level for the current portion of the health plan costs and are not included in the Trust.

Full disclosure of the annual OPEB cost and the funding process has been reported in the State of Maine's Single Audit Report.

B. Post-retirement Life Insurance Benefits

In addition to providing pension and health care benefits and in accordance with statutory authority, the State of Maine, through the Maine Public Employees Retirement System, provides Basic group life insurance benefits, during retirement, to retirees who participated in the group life insurance plan prior to retirement for a minimum of 10 years. The 10 year participation requirement does not apply to recipients of disability retirement benefits.

The level of coverage in retirement is initially set to an amount equal to the retiree's average final compensation. The initial amount of Basic group life insurance benefit is then subsequently reduced at the rate of 15% per year to the greater of 40% of the initial amount or \$2,500.

Group life insurance funds managed by the System are constitutionally restricted and held in trust for the payment of benefits to participants or their beneficiaries. The System's Board of Trustees, in its fiduciary capacity, establishes the System's investment policies and their overall implementation. The System maintains separate reserves and accounts for each participating entity and performs a single actuarial valuation that provides separate data for each participating entity.

Premium rates are those determined by the System's Board of Trustees to be actuarially sufficient to pay anticipated claims and cover administrative costs.

For State employee, legislative and judicial classes, the premiums for retiree life insurance coverage are factored into the premiums paid for Basic coverage while participants are active members. The State remits premiums at a single rate that supports basic coverage for active and retired State employees. This rate is \$.56 per month for every \$1,000 of coverage. Premiums for retiree life insurance coverage for retired teachers are paid by the State based on a rate of \$.33 per \$1,000 of coverage per month during the post-employment retired period.

Full disclosure of the annual OPEB cost and the funding process has been reported in the State of Maine's Single Audit Report.

SELF-INSURANCE

Risk Management

The State maintains several types of self-insurance plans. These include property, vehicle, boat and aircraft, tort, civil rights, employee bonds, police professionals, and a variety of other insurance products. The UT participates in these plans. Full disclosure regarding claims, excess insurance and claims and judgment liabilities can be found in the State of Maine's Single Audit Report.
